## OVERVIEW

This qualification has been designed to offer a clear pathway from the Certificate II in Medical Service First Response to Certificate IV in Health Care to **Diploma in Emergency Health Care** and then to university Bachelor program. It reflects the role of pre-hospital and out-of-hospital workers employed by State/Territory ambulance authorities, the Australian Defence Force and the private sector to provide patient assessment, health care and transport services.

These workers possess clinical skills and theoretical knowledge and provide clinical assessment and pre-hospital and out-of-hospital interventions to patients in an emergency, including providing advanced skills in life support.
